2	List of activities in the partner countries.....	2
3	Conclusion.....	10

1 Public summary

Deliverable 6.12 provides a list of contributions through national networks and learned societies with an interest in IPM, and project partners are members of these networks. Meetings of these networks provide opportunities to promote the IPM Decisions platform and are part of the overall platform dissemination strategy.

Deliverable 6.14 also provides a list of promotional activities through regular activities from project partners. Many 'national network activities' can also be qualified as 'regular activities from project partners'. For this reason, these activities undertaken as part of national networking activities are reported in D6.12 only. Where such activities also represent engagement through regular partner activities this is indicated. This list of activities, including a summary, is also included in Deliverable 6.8, a secondary country list with demonstration activities, in which all platform promotion activities are summarized.

2 List of activities in the partner countries

Activities conducted by the project partners are listed by partner countries.

Norway

Unless otherwise stated, all activities took place at or near to venues NIBIO's offices in Oslo.

- 05-12-2019, First round workshop 1 Introduce project and platform ideas, Advisors, 17 participants
- 05-02-2021, Second round workshops (online), Update on progress, discussion on barriers, DSS priorities, draft platform design, All target groups, 11 participants
- 30-09-2022, Department meeting, Update on DSS and services available for Norwegian user, Researchers, 15 participants. This event was also part of regular promotion activities.
- 15-11-2022, Advisors meeting, 10 min presentation and demo of IPM Decisions platform, Advisors, 35 participants
- 22-11-2022, NIBIO conference (event for NIBIO employees), 5-minute presentation and demo of IPM Decisions platform, Researchers, 500 participants
- 06-03-2024, Advisors meeting, Presentation of new features in VIPS and IPMD, Advisors, 100 participants
- 29-04-2024, Lecture, NOVA course 'Current and future plant disease management', Educational institutes, 20 participants

Sweden

Unless otherwise stated, all activities took place at or near to SLU's Uppsala campus.

- 01-02-2020, First round workshop 1 (Skara), Introduce project and platform ideas, Farmers & advisors, 16 participants
- 08-02-2020, First round workshop 2 (Alnarp), Introduce project and platform ideas, Farmers & advisors, 13 participants

- 10-02-2021, Second round workshops (online), Update on progress, discussion on barriers, DSS priorities, draft platform design, Farmers & advisors, 18 participants
- 18-02-2022, Third round workshops (online), Update on progress, demonstration of beta version and feedback, Farmers & advisors, 7 participants
- 06-05-2022, Third IPM Decisions workshop, Demonstration of the platform, gathering of feedback, completing questionnaires, Farmers & advisors, 40 participants
- 13-05-2022, Teaching Bachelor students, Students exercises with platform and was compared to other DSS platforms, educational institutes, 20 participants
- 22-09-2022, Teaching master students SLU, Students exercises with platform and was compared to other DSS platforms, educational institutes, 20 participants
- 19-01-2023, Annual Mid Sweden Plant Production Conference, Presentation of the platform, including demonstration of functionality, Farmers and Advisors, 175 participants
- 12-05-2023, Teaching Bachelor students, Students exercises with platform and was compared to other DSS platforms, educational institutes, 20 participants
- 19-09-2023, Teaching master students SLU, Students exercises with platform and was compared to other DSS platforms, educational institutes, 20 participants
- 15-02-2024, Internal workshop Swedish Board of Agriculture, Information about the project and platform demonstration, DSS developers, 16 participants
- 08-03-2024, Plant Protection Committee Meeting, Presentation of the platform, including demonstration of functionality, All target groups, 40 participants
- 29-03-2024, Pre-season meeting, Presentation of the platform, including demonstration of functionality, Farmers and advisors, 35 participants
- 17-05-2024, Teaching Bachelor students, Students exercises with platform and was compared to other DSS platforms, educational institutes, 20 participants

Finland

Unless otherwise stated, all activities took place at or near to LUKEs offices in Helsinki.

- 01-02-2020, First round workshop 1, Introduce project and platform ideas, Farmers & advisors, 27 participants
- 21-02-2021, Second round workshops (online), Update on progress, discussion on barriers, DSS priorities, draft platform design, Farmers & advisors, 25 participants
- 19-02-2022, Third round workshops (online), Update on progress, demonstration of beta version and feedback, Farmers & advisors, 15 participants
- 31-01-2023, Plant protection seminar, Presentation on IPM & DSS on farms, Farmers & advisors, 205 participants
- 06-07-2023, Attendance at exhibition 'Okra' for farmers 5.-6.7.2023, Presentation on DSS as a part of IPM tools for farmers, Farmers & advisors, 100 participants
- 10-04-2024, Lecture, Demonstration agricultural students, educational institutes, 11 participants
- 16-04-2024, Lecture, Demonstration agricultural students, educational institutes, 13 participants

Denmark

Unless otherwise stated, all activities took place at or near to SEGES offices or AU campus facilities at Aarhus.

- 10-12-2019, First round workshop 1, Introduce project and platform ideas, All target groups, 20 participants
- 26-02-2021, Second round workshops (online), Update on progress, discussion on barriers, DSS priorities, draft platform design, All target groups, 14 participants
- 01-03-2022, Third round workshops (online), Update on progress, demonstration of beta version and feedback, All target groups, 7 participants
- 05-12-2022, General meeting for partners, Contact meeting between SEGES and partners, Value chain partner, numbers reached: 100. This event was also part of regular promotion activities.
- 10-05-2023, Demonstration and use of platform, Workshop at SEGES for farmers, Farmers, 15 participants
- 07-06-2023, Teaching, visiting farmers school and showing platform, Farmers, 26 participants
- 10-10-2023, Teaching & demonstration, Showing and testing of platform with students from MSc in Agriculture, Educational institutes, 15 participants
- 24-10-2023, Teaching & demonstration, Showing and testing of platform with students from MSc in Agriculture, Educational institutes, 13 participants
- 25-10-2023, Teaching & demonstration, Showing and testing of platform with students from farm school, educational institutes, 8 participants
- 01-05-2024, Teaching & demonstration, Showing and testing of platform with students from farm school, educational institutes, 24 participants
- 08-05-2024, Teaching & demonstration, Showing and testing of platform with students from university, educational institutes, 40 participants

France

- 12-11-2019, First round workshop 1 (Montauban), Introduce project and platform ideas, 14 participants
- 30-11-2019, First round workshop 2 (Brittany), Introduce project and platform ideas, 13 participants
- 23-03-2021, Second round workshops (online), Update on progress, discussion on barriers, DSS priorities, draft platform design, 10 participants
- 15-01-2022, Third round workshops (online), Update on progress, demonstration of beta version and feedback, 5 participants
- 26-05-2023, Webinar for platform presentation and demonstration, Webinar (1h) to present the IPM-Decisions platform and the model of disease epidemics in wheat-legume mixtures, Advisors and Researchers, 9 participants
- 30-05-2023, Webinar for platform presentation and demonstration, Webinar (1h) to present the IPM-Decisions platform and the model of disease epidemics in wheat-legume mixtures, Advisors and Researchers, 7 participants

- 30-04-2024, Webinar of the BSV network, network of advisers engaged in the weekly regional warning bulletin for crop pests and diseases, Demonstration of the platform. Discussion about the opportunity to test DSSs from the platform, compare outcomes with other models, and provide feedback., Advisors, 19 participants

United Kingdom

- 11-02-2020, First round workshop 1 (Cambridgeshire), Introduce project and platform ideas, All target groups, 22 participants
- 17-02-2020, First round workshop 2 (Warwickshire), Introduce project and platform ideas, All target groups, 22 participants
- 15-01-2021, Second round workshops (online), Update on progress, discussion on barriers, DSS priorities, draft platform design, All target groups, 32 participants
- 18-01-2022, Third round workshops (online), Update on progress, demonstration of beta version and feedback, All target groups, 30 participants
- 23-06-2022, Demonstration of Platform to IPM group at Defra (Farm near Cambridge), Demonstration IPM Decisions Platform and IPM Works Toolbox to relevant groups at Defra, Policy people, 5 participants
- 23-11-2022, CropTec (Peterborough), Annual agricultural show, focusing on new technology, Farmers & advisors, 170 participants
- 06-12-2022, Demonstration of Platform at AHDB Agronomist Conference, Demonstration of the platform as part of AHDB annual agronomist conference. Online, Advisors, 575 participants
- 06-12-2022, Agronomists' Conference 2022 (online), 20-minute presentation for online conference demonstrating the platform, Farmers & advisors, 5500 participants
- 08-02-2023, demonstration of Platform to ADAS Farming Association (online), Part of the ADAS Farming Association series, webinar focused on IPM, presenting the platform alongside other IPM initiatives, Farmers & advisors, 105 participants
- 30-08-2023, AHDB Regional Managers training session (online), short demonstration of the platform and upcoming functions for AHDB regional managers ahead of network events for 23/24, Advisors, 5 participants
- 27-09-2023, Presentation at RES Agricultural SIG meeting (Rothamsted Research Conference Centre), technical presentation of platform and associated resources for researchers and developers, Researchers, 60 participants
- 07-11-2023, IPM Workshop (Cambridgeshire), as part of Agri-Tech Week 2023, Workshop showcasing outputs from IPM Decisions, IPMWORKS and OPER8 for practical IPM on farm, Farmers & advisors, 20 participants
- 07-12-2023, Updated demonstration at AHDB annual agronomist conference 2023 (online), Presentation and live demonstration of the platform, and DSS available for 23/24, Farmers & advisors, 50 participants
- 25-01-2024, BCPC meeting Present platform and supporting resources evidence (Cambridge), Presentation and demonstration of project and platform, All target groups, 115 participants

- 25-01-2024, Overall presentation and demonstration of platform (Cambridge), BCPC Pests and Beneficials annual review, All target groups, 80 participants
- 01-03-2024, Overall presentation and demonstration of platform, EcoStack final project conference, Naples, Researchers, 70 participants
- 13-03-2024, Overall presentation and demonstration of platform to ADAS colleagues (online), Demonstration of platform as part of ADAS internal training program, All target groups, 20 participants
- 24-04-2024, Overall presentation and demonstration of platform (online), Warwick University Webinar series, Researchers, 25 participants
- 08-05-2024, Webinar for farmer group (online), Webinar talking through various IPM resources, and demonstrating the IPM Decisions platform to a small, engaged group in Norfolk. , Farmers & advisors, 5 participants

Netherlands

Unless otherwise stated, all activities took place at or near to Delphy offices near Rotterdam.

- 29-01-2020, First round workshop 1 (Wageningen), Introduce project and platform ideas, Farmers & advisors, 15 participants
- 05-12-2020, Second round workshops (online), Update on progress, discussion on barriers, DSS priorities, draft platform design, Farmers & advisors, 18 participants
- 10-01-2022, Third round workshops (online), Update on progress, demonstration of beta version and feedback, Farmers, 5 participants
- 18-05-2022, Third IPM Decisions workshop (online), Demonstration of the platform, gather feedback and complete the questionnaires, Farmers & advisors, 5 participants
- 07-10-2022, Network meeting Plant health, National event for stakeholders active in plant protection, organised by the Dutch EIP contact point, All target groups, 5 participants
- 27-01-2023, Information Day vegetable growers, Platform presentation and demonstration during an event for vegetable growers, Farmers & advisors, 125 participants
- 31-01-2023, Seed potato growers' event, Information day for seed potato growers, Farmers & advisors, 50 participants
- 24-08-2023, Onion field day, Platform demonstration on the national onion field day, All target groups, 55 participants
- 30-08-2023, Potato field day, Field day, demonstrating sustainable production of potatoes, including late blight resistant varieties and use of DSS, Farmers and advisors, 55 participants
- 12-12-2023, Webinar BYDV, Presentation about BYDV and demonstration of the platform, Farmers, 60 participants
- 18-03-2024, IPMWORKS hub meeting, Demonstration of the platform, select relevant DSS, Farmers, 10 participants
- 21-03-2024, Webinar late blight, including use of DSS, Late blight control, use of DSS, platform demonstration, Farmers & advisors, 65 participants

- 21-03-2024, IPMWORKS policy meeting, Platform demonstration as part of the agenda of a meeting with policy people. Platform and Toolbox were the key points on the agenda, Policy people, 100 participants

Italy

- 04-02-2020, First round workshop 1 (Milan), Introduce project and platform ideas, 59 participants
- 13-02-2020, First round workshop 2 (Rome), Introduce project and platform ideas, 12 participants
- 07-03-2021, Second round workshops (online), Update on progress, discussion on barriers, DSS priorities, draft platform design, 116 participants
- 15-03-2022, Third round workshops (online), Update on progress, demonstration of beta version and feedback, 23 participants
- 18-05-2022, Third round of Ws (online), two sessions on the 18 and 19 of May to demonstrate the platform, gather feedback and complete the questionnaires, Farmers & advisors, 65 participants
- 27-02-2024, Webinar, Synergy activity with FER-PLAY project dealing with alternative fertilizers. A webinar has been organized during which also the IPM platform has been presented, Farmers & advisors, 90 participants

Germany

- 05-02-2020, First round workshop 1 (Braunschweig), Introduce project and platform ideas, Farmers & advisors, 16 participants
- 14-02-2020, First round workshop 2 (Freising), Introduce project and platform ideas, Farmers & advisors, 18 participants
- 19-02-2022, Third IPM Decisions workshop (online), Demonstration of the platform, gather feedback and complete the questionnaires, Farmers & advisors, 25 participants
- 20-02-2022, Third IPM Decisions workshop (online), Demonstration of the platform, gather feedback and complete the questionnaires, Farmers & advisors, 25 participants
- 06-12-2022, LfL-Advisory Services-Winter Conference (Freising), Demonstration of the platform as part of this annual winter conference of LfL with official Bavarian advisory services, Advisors, 70 participants
- 24-01-2023, Crop production day at the Office Advisory Service Roth (online), Demonstration of the platform as part of this annual local meeting, Farmers, 550 participants
- 07-02-2023, Public crop production colloquium at the LfL (Freising), Demonstration of the platform as part of this annual conference together with Partner of German ISIP-System, Farmers & advisors, 75 participants
- 07-03-2023, Spring Conference on IPM (Bavaria North), Demonstration of the platform as part of this annual spring conference of LfL with official and private Bavarian advisory services, Farmers & advisors, 55 participants

- 08-03-2023, Spring Conference on IPM (Bavaria South) (online), Demonstration of the platform as part of this annual spring conference of LfL with official and private Bavarian advisory services, Farmers & advisors, 60 participants
- 27-07-2023, Training of advisors, Training of young agricultural advisors who have started working for the Free State of Bavaria, Advisors, 50 participants
- 12-03-2024, Spring Conference on IPM (Bavaria North), Demonstration of the platform as part of this annual spring conference of LfL with official and private Bavarian advisory services, Advisors, 55 participants
- 13-03-2024, Spring Conference on IPM (Bavaria South) (online), Demonstration of the platform as part of this annual spring conference of LfL with official and private Bavarian advisory services, Advisors, 60 participants
- 08-04-2024, Training of advisors, Demonstration of the platform for advisors and researchers at the LfL (fruits, potatoes working groups), Advisors, 10 participants
- 04-10-2024, Austrian conference of plant protection warning service, Presentation of the IPM Decisions project and demonstration of the platform at the Austrian conference of plant protection warning service, Advisors, 105 participants

Slovenia

- 05-03-2021, Second round workshops (online), Update on progress, discussion on barriers, DSS priorities, draft platform design, Farmers & advisors, 22 participants
- 10-03-2022, Third round workshops (online), Update on progress, demonstration of beta version and feedback, Farmers & advisors, 7 participants
- 08-07-2022, Platform demonstration for advisory services, demonstration of IPM Decisions Platform and progress on IPM decisions project, Advisors, 5 participants
- 11-11-2023, platform demonstration lecture, Students and professors in university of Ljubljana - Biotechnical faculty, department of Agronomy were invited to the presentation lecture, where each participant created a (demo) account on the platform., Students and professors in university of Ljubljana - Biotechnical faculty, department of Agronomy, 55 participants
- 16-11-2023, platform demonstration lecture, Students and professors in university of Maribor - Faculty of Agriculture and Life Sciences were invited to the presentation lecture, where each participant created a (demo) account on the platform., Students and professors in University of Maribor - Faculty of Agriculture and Life Sciences, 55 participants
- 30-11-2023, platform demonstration webinar, the platform was presented on the webinar as instructions for account creation and addition of farm, Other, 18 participants

Greece

Unless otherwise stated, all activities took place at or near to AUA offices or private farm locations around Athens.

- 16-12-2019, First round workshop 1, Introduce project and platform ideas, Farmers & advisors, 14 participants
- 23-12-2019, First round workshop 2, Introduce project and platform ideas, Farmers & advisors, 23 participants
- 06-10-2022, Demonstration and promotion of Platform to farmers and advisors (physical presence), In person platform demonstration focusing on field crops, Farmers & advisors, 60 participants
- 17-10-2022, Meeting with farmers, Meeting with farmers from various regions of Greece and in- person promotion and brief demonstration of IPM Platform, Farmers, 24 participants
- 30-10-2022, Meeting with farmers, Meeting with farmers from various regions of Greece and in- person promotion and brief demonstration of IPM Platform, Farmers, 23 participants
- 06-12-2022, Online demonstration of Platform to students, advisors, and researchers (online), Virtual platform demonstration focusing on arable field crops and orchards, educational institutes, 100 participants
- 14-02-2023, Meeting with farmers, Meeting with farmers from various regions of Greece and in- person promotion and brief demonstration of IPM Platform, 14 participants
- 23-02-2023, Workshop with group of farmers, Workshop organised with groups of farmers growing field crops, to promote and test the platform for the DSS on disease, pest and weed management, Farmers, 10 participants
- 17-03-2023, Meeting with farmers, Meeting with farmers from various regions of Greece and in- person promotion and brief demonstration of IPM Platform, 12 participants
- 03-05-2023, Meeting with farmers, Meeting with farmers from various regions of Greece and in- person promotion and brief demonstration of IPM Platform, 19 participants
- 06-04-2024, Demonstration and promotion of Platform to farmers and advisors., Presentation of the platform to inform advisors and farmers about the project, along with a brief demonstration, Farmers & advisors, 40 participants
- 06-10-2023, Meeting with farmers, Meeting with farmers from various regions of Greece and in- person promotion and brief demonstration of IPM Platform, Farmers, 17 participants
- 07-04-2024, Demo-sessions, A demo-session conducted in a pilot field area., Farmers & advisors, 100 participants
- 11-05-2024, Demo-sessions, Demo-session of the platform in conjunction with a demo (pilot) field trial in a vineyard, Farmers & advisors, 50 participants

Lithuania

Unless otherwise stated, all activities took place at or near to LAMMC offices in Kaunas.

- 12-02-2020, Workshop, Priority pest and diseases for DDS platform-Lithuania (discussions with farmers and advisers, prioritized list, translation), Farmers & advisers, 15 participants
- 18-01-2021, Second round workshops (online), Update on progress, discussion on barriers, DSS priorities, draft platform design, All target groups, 140 participants
- 09-02-2021, Workshop, Virtual seminar "Integrated pest control (IPM): forecasting and solutions", Farmers & advisers, 100 participants
- 05-02-2022, Third round workshops (online), Update on progress, demonstration of beta version and feedback, Farmers & advisers, 74 participants
- 11-05-2022, Workshop, Virtual seminar "IPM Decision - for plant protection from pests"., Farmers & advisers, 33 participants
- 05-11-2022, Workshop, The third workshop IPM Decisions, Farmers & advisers, 20 participants
- "03-02-2023, Workshop, Seminar for cooperatives agronomists. Important partners in using DSS., Farmers & advisers, 5 participants"
- 01-05-2023, Field experiments, field experiments for demonstration of DSS. Totally 9 meetings, Farmers & advisers, 100 participants
- 13-11-2023, Workshop, "Sustainable farming practices in agriculture crops using IPM tools", Farmers & advisers, 10 participants
- 16-01-2024, Workshop, • Annual meeting in LAMMC on plant protection issues, Farmers & advisers, 110 participants
- 08-02-2024, Workshop, •Annual conference "New genomic technologies and digitalization in agriculture and forestry". Live poster presentation for platform demonstration during conference, Farmers & advisers, 110 participants
- 10-02-2024, Workshop, Seminar for cooperatives agronomists. Important partners in using DSS., Farmers & advisers, 50 participants
- 01-05-2024, Field experiments, field experiments for demonstration of DSS. Totally 9 meetings, Farmers & advisers, 100 participants
- 20-06-2024, Agricultural technology and innovation exhibition "Agrovizija 2024", Decisions for IPM (Dr. R. Semaškienė, LAMMC)., All target groups, 115 participants

3 Conclusion

The project partners shared information about IPM Decisions in more than 120 activities in the period from June 2023 – May 2024. Partners adopted a variety of activities to address different target groups. Activities were part of the country specific promotion action plans. General information about the project results was shared in these activities, and in many of these activities the IPM Decisions platform was presented and demonstrated.
